Phone: 610 713-2365

Fax: 610 713-2378

October 2006

DELAWARE COUNTY OFFICE OF BEHAVIORAL HEALTH

Mission Statement

The mission of the Office of Behavioral Health is to assure the provision of a comprehensive array of quality mental health and alcohol and other drug services for eligible children and adults that will assist them to maximize their human potential.

Contracted Adult Behavioral Healthcare Services

The Directory of Adult Drug and Alcohol (D&A) and Mental Health (MH) Services contains an alphabetical list of contracted providers, and the services provided with telephone contact information for each program or service listed. If a telephone number is not listed for a particular program or service, the provider's main telephone number in the header box is the appropriate contact number to use.

The Directory is updated annually to reflect new adult behavioral healthcare programs and services contracted by Delaware County.

Supplemental Behavioral Healthcare Information

- OBH also maintains a Children's Directory of Child and Adolescent Mental Health and Drug & Alcohol Services. Contact 610-713-2365 for more information.
- Magellan Behavioral Health of PA maintains information about contracted service networks for HealthChoices members. Contact 888-207-2911 or www.magellanhealth.com for more information.

DELAWARE COUNTY OFFICE OF BEHAVIORAL HEALTH

In response to the State Plan Guidelines and the MH Division's commitment to developing a recovery-oriented adult mental health system with meaningful stakeholder involvement, OBH offered the local CSP Committee the opportunity to develop a Vision Statement. Accepting the offer, CSP Committee members met several times in subcommittee to consider the various aspects of recovery and mental health service delivery. Three versions of the Vision Statement were drafted and approved by the full CSP Committee and sent to OBH for review and final selection. The following text is the Vision Statement written by CSP Committee members, in their own language, and selected by consensus vote of OBH staff from amongst the three versions:

Vision Statement

The Adult Mental Health Division of the Office of Behavioral Health has a vision to assure that each person will receive the highest quality of care by a continuum of services that will promote recovery, independence and community inclusion. These services will focus on consumer choices and opportunities to encourage the fullest possible potential for a satisfying and fulfilling life.

OBH applauds the investment of time, energy, and initiative taken by the CSP Committee in the creation of this Vision Statement for the adult mental health system. The adoption of the Vision Statement, as written by CSP Committee members, continues the valued trend of meaningful stakeholder involvement in the County's adult mental health system.
